

# FOSTER FAMILY FIGHTING HUMAN TRAFFICKING

## JOYEUX NOEL

We are extremely excited about how God is continuing to work in the lives of girls in the district. There is a team of ladies that is continuing to go into the district while we are home on itineration. We received a report from them recently that three girls have come out of the district and are willing to testify against their traffickers. This is direct response from ministry being done out of the ministry center in Antwerp.

### Matching Funds From Allison Park

Allison Park Church, near Pittsburg PA, has generously offered to match any donation towards our transition home/ training center dollar for dollar up to \$50,000! We are trying to raise \$300,000 to purchase and renovate a school campus

to use as housing for girls with children and also to use for educational and vocational training. Please pray for matching partners for funding and staffing for this project.

### Being Invited Back to Bulgaria

Last summer we had the opportunity to go to Bulgaria to do a community prevention program, warning young women about the potential dangers of coming to Western Europe to work. Our team held a community outreach, met with the mayor and city council, spoke in local schools, and was featured in two T.V. interviews. As a result, we have received an invitation to return this coming year to five more communities!

### Pentecostal European Fellowship

PEF has invited us to come and share the ministry of Breaking Chains Network at a national gathering. This is vital as we need to partner with churches willing to go and work in the districts through-out Belgium and all of Europe. The trafficked girls are often moved through a network of red-light districts and we would like to have someone in every one of those districts to help the girls. We need to work as scripture describes; some plant, some water, and some harvest. This is a great opportunity to help develop a network of churches to get involved.

#### Prayer Needs!

- > Protection for those working in the district.
- > Funds for the transition home /training center.
- > God's leading as we plan to go back to Bulgaria.
- > Our budget to be raised quickly so we can get back to Belgium ASAP.

#### Itineration Update

We are having a great time visiting churches and giving updates on all that God has done with the funds they have entrusted us to minister with in Belgium. We are excited about the new churches that are allowing us to come and share our vision. Our hearts, however, are in Belgium and with the girls that need such desperate help. Pray that our budget is met quickly so we can get back
